

## CALL FOR PAPERS

# THE 2001 CANADIAN WORKSHOP ON INFORMATION THEORY

VANCOUVER, BRITISH COLUMBIA

JUNE 3 – JUNE 6, 2001

The seventh Canadian Workshop on Information Theory will be held at the University of British Columbia in Vancouver, British Columbia, from Sunday evening, June 3 through Wednesday, June 6, 2001. This Workshop provides an opportunity for Canadian and international researchers in Information Theory to meet and discuss aspects of their work in a relaxed setting.

Papers presenting new results in (but not limited to) the following areas are solicited:

- Advancements in information theory
- Applications of information theory
- Coded modulation
- Communication systems
- Cryptography
- Data compression
- Data networks
- Error control coding
- Image and speech coding
- Internetworking
- Neural networks
- Pattern recognition
- Signal processing
- Source coding

Papers will be reviewed on the basis of a 500 word summary. All summaries should be sent to one of the Workshop Co-Chairs listed below, and should include the authors' names, complete mailing addresses, telephone and fax numbers, and e-mail addresses (as applicable). Electronic submission of Microsoft Word or Postscript files is encouraged.

The deadline for submission is January 8, 2001. Acceptance will be announced in early February 2001. Authors of papers accepted for the workshop will be requested to submit a four page paper no later than April 2, 2001.

Correspondence regarding the Workshop should be addressed to one of the Workshop Co-Chairs:

Dr. C.S. Leung  
Dept. of Electrical & Computer Engineering  
University of British Columbia  
2356 Main Mall  
Vancouver, B.C. V6T 1Z4  
Tel: +1-604-822-2866  
Fax: +1-604-822-5949  
Email: cleung@ece.ubc.ca

Dr. I.J. Fair  
Dept. of Electrical & Computer Engineering  
University of Alberta  
238 Civil/Electrical Building  
Edmonton, Alberta T6G 2G7  
Tel: +1-780-492-2981  
Fax: +1-780-492-1811  
Email: i.fair@ieee.ca
